Mr. BUTLER, of Mass., from the Judiciary
Committee, reported the Senate bill to provide
for the distribution of the Geneva award, with a
substitute for the same. substitute for the same.

FRAUDS IN ARKANEAS.

Mr. SPEER, of Pa., then addressed the House on the condition of the affairs of the court for the Western district of Arkaneas, charging the grossest frauds, corruption and profligacy, upon. Judge Story and the officers of the court, recounting a number of instances of gross frauds, as shown by the testimony taken by the committee, The bill was then passed.

Mr. SENER presented the resolution providing for an investigation of the accounts of the dourts of Western Arkaneas, and it was adopted.

The House then resumed the consideration of THE GREEVA AWARD RILE.

of Western Arkansas, and it was adopted.

The House then resumed the consideration of THE GENEVA A WARD RILL.

Mr. POLAND, of Vt., desired to have a substitute for the bill read and considered pending as an amendment.

Mr. TREMAIN, of N. Y., also desired to offer an amendment, but Mr. Butlen declined to admit them.

Mr. BUTLER finally consented to allow the amendments with one proposed by Mr. WARD, of Ill., to be considered as pending with an understanding that the previous question shall be considered as pending at 3 o'clock to-morrow.

Mr. Butlers then proceeded to address the House, defining the differences between the Secate bill and the substitute proposed, and argued that the insurance companies went into it as a business, making the war premiums correspond with the war risks; that is, every premium paying every loss, with a margin for expenses of doing business and a profit, and, therefore, were not entitled to compensation, while the shippers, who paid the war premiums, received no equivalent and should be reimbursed. He advocated a commission, instead of a court, to hear and determine the claims presented. He went into a general review of the treaty, the action of the Tribunal of Genera and the general classes of claimants with the bearing of the relings of the tribunal, and the action of the Government upon their claims.

Mr. Buvien said the bill reported now was sub-

ants with the bearing of the relings of the tribunal, and the action of the Government upon
their claims.

Mr. Buyram said the bill reported now was substantially the bill which passed the H-use last
winter, and provided, as he believed, f.: the payment of actual losses. He appealed to the House
to stand by its action of last year and the report
of the majority of the committee.

Mr. TREMAIN, of N. Y., contended that the
insurance companies were made a basis for claims
at Geneva and should be considered in the distribution of the award; and that the war premiums
were held as indirect losses that, under international law, were not reasonable. He said that
if these claims were not allowed they would come
here year after year and be a standing memorial
of the injustices of the Governmont. How could
we stand before the civilized world saying at
Geneva that these companies had claims and
standing here and saying they had no claims,
and that, too, when an award had been made for
them.

LEWIS, from the Committee on the Discordinate of Columbia, reported the bill to incorporate chand and Seaboard Coasting Company of intrict of Columbia.
